## Underpad, Bambo Nature Protective Bed Mats, 90x80cm, white

- ✓ Absorbent fluff core
- ✓ Breathable back sheet
- ✓ Allows skin to breathe
- ✓ Better body temperature regulation
- ✓ Soft and smooth nonwoven surface
- ✓ Rapid liquid absorption
- ✓ Liquid safe back sheet and sealed edges for added protection

### Product Description

Bambo Nature Protective Bed Mats are breathable disposable underpads for protecting beds and seating. Providing extra mattress protection for children's beds and cots, these bed mats are ideal for children, as the breathable back sheet reduces the risk of skin irritation. The underpad contains both fluff and SAP, which encapsulate liquid, to provide a dry surface faster. In addition, the bed mats have sealed edges for optimum leakage protection, and their surface is covered with a soft nonwoven material for a high level of user comfort. Bambo Nature Protective Bed Mats provide moderate absorbency.

### Specifications

FSC™ (Forest Stewardship Council) is an international non-governmental organization dedicated to the promotion of responsible forest management worldwide. FSC™-certified products are made from raw materials from well-managed forests and responsible sources. The label's traceability and integrity are upheld through stringent control measures, and by choosing FSC™-certified products, you help take care of forests and the people and wildlife that call them home. FSC™ Mix means the product consists of a blend of FSC certified wood and recycled materials. For more information, go to [www.fsc.org](http://www.fsc.org).

The CE mark guarantees that a product is safe to use and complies with all safety precautions. CE stands for Conformité Européenne (European Conformity) and is mainly found on electronic equipment, safety equipment, construction products, and medical devices.

The Dermatologically Tested symbol guarantees that products have been tested for potential skin irritations by an independent third-party laboratory.

The product is fully breathable making it more comfortable for a longer period of time, maintaining skin integrity.

ABENA's incontinence products are designed and engineered to ensure minimal odor arises from the product. Odor control is a critical factor in ensuring discreteness for the user.

Raw material that absorbs its own weight 10 times and has excellent fluid dispersion capabilities.

The product is only for single-use.
